ARRIVAL AND PUBLIC TRANSPORTATION

BUS STATION

Every day many buses run to/from Valencia from/to other large Spanish cities (like Madrid or Barcelona). The bus station is located in the north of the city, so you will need public transportation (bus/metro) or a taxi to get to the city center.

The map below shows the different locations mentioned in this section and the reference landmarks of ICIAM 2019.

MOVING AROUND VALENCIA

Valencia has a public transportation system that includes Metro, Bus and Tram lines, connecting all areas of the city (including Valencia Airport). A good option for tourists is the Valencia Tourist Card, which combines a travel pass offering urban public transport (airport included) and discounts for museums, activities, shops and restaurants. Other options to move around the city are the multiple biking options, taxis and Cabify.

The EMT (Empresa Municipal de Transportes de Valencia), official local transport of ICIAM 2019 congress, offers to ICIAM 2019 attendees a special discount on the EMT card named Bonobús (10 one-way bus trips with unlimited transfers during 60 min.)

For attendees, the cost of this card will be 5€ (instead of 8,50 + 2€ for the card). You can purchase this EMT card ONLY on site and by CASH Payment, at the EMT point (next to the Registration desk).

Click on this link to plan your trip in the city (write the start/end of your trip or select them with the right click on the map).
OFFICIAL APP OF EMPRESA MUNICIPAL DE TRANSPORTES DE VALENCIA

Biking in Valencia: Maybe one of the best options to see Valencia is hiring a bike. Valenbisi offers to citizens and visitors more than 2.700 bicycles distributed in 275 stations in different parts of the city (subscription is required). There are other companies offering bike rental services.
