

FD TOUR TO REQUENA & WINERY VISIT

During the tour a local winery will be visited, Hoya de Cadenas, where you will be able to discover the culture and traditions of winemaking (both wines and cava – the Spanish sparkling wine). After tasting the selected wines and cava you will have the opportunity to purchase your preferred ones.

Requena was founded in the Iberian era. The Romans were here too, but the Arabs were the ones who gave the name to the town, originally naming it Rakana, meaning the strong, the self-confident. Later called Requena, it has become one of the most important towns dedicated to vineyards and wine production with a D.O. (Denomination of Origin), meaning a prestigious product classification which is awarded to products that are produced in designated Spanish regions according to stringent production criteria. D.O. labels serve as a guarantee of quality.

Afterwards you will be able to enjoy a stroll through the small town quarter called La Villa which was declared a National Heritage Site due to the importance of its collection of historic buildings, which are situated in walled originally Muslim areas known as the Alcazaba, Medina or Arrabales. Underneath the quarter, the oldest Caves in the region are located; these were used as a shelter, wine cellar and even as a silo. A tour of these Caves will give you an insight into the rich history and idiosyncratic development of Requena.
